

**Wildfire season is almost upon us. Learn how to reduce the risk of fire damage to your home or business.**

**Citizen Fire Academy presents a one-day workshop: [Protect Your Home From Wildfire: A Workshop for Homeowners](#) *(click for flyer)***

Our communities are at risk for wildfire in Oregon, but the good news is that if we take action and prepare for wildfire, we can do something about it. Join us for a one-day workshop where we focus on the most important part of your fire defense strategy: the area within 200 feet of your home. Learn how a fire professional views your home and property, and the steps you can take to reduce risk.

The Citizen Fire Academy (CFA) education program puts wildfire preparedness into the hands of landowners and the community, with the help of local, state, and federal fire management agencies.

**Tuesday, June 5th / 6-9 p.m.**

**The Oregon Garden, 879 W Main Street, Silverton, Oregon**

**Cost is \$5 per person.**

**Pre-Registration required by May 31st at:**
