

Sunrise Park

This 15.76-acre park is located between Hensley Road and SW 21st Street. This site is bordered by residential developments on all sides. Access is off Hensley Road on the west and 21st Street on the east, and two access points through Hampton Point Subdivision. Dogs are welcome — as long as they are kept on a leash.

The park features a half-mile, paved walking and and jogging path. Along the path is a 12-stop Health Trail outdoor fitness course. Signs at each stop explain each exercise for different fitness levels. The park offers excellent views of Mt. Hood and the bluff above the Sandy River. A viewpoint circle is located in the southeast corner of the park.

Apart from the trail and [Community Garden](#), much of the park is undeveloped and contains a small pond. The pond provides habitat for a variety of land and water animals. You may also notice that we are in the process of creating a [series of pollinator gardens](#) in the park to attract Monarch butterflies.

are prohibited in all Troutdale City Parks.
